God Preserve Thee

Alma Mater, God preserve thee,
Dear Snowden High.
Through the years we long to serve thee,
Dear Snowden High.
We revere the spirit taught here—
Rev'rent minds that lived and sought there;
Mem'ries of our Alma Mater,
Dear Snowden High.

Aquila Staff

Once again we have come to that time in our senior year when the Aquila is the one big object of our interest. Looking back to other years, we feel this Aquila has a high goal to reach.

This fourteenth Aquila, we hope will give those who come after us something to strive for.

Our memories have been very pleasant and our interest will ever be with Snowden High.

"Prepare The Youth of Today for The World of Tomorrow"

Your Motto is a challenge to your elders. It poses a solemn duty.

We, of your parents, your Churches, your schools, must prepare you, the "Youth of Today", for this "World of Tomorrow".

"Youth" is short lived in this challenging age. We are "tots" for a moment; a few years in early childhood; and High School slipped by almost with a flash.

Now you are MEN and WOMEN. Congress is debating the possibility of immediate military service. Laws are being considered to make you eligible to vote. The security and safety of our world and our way of life are on your shoulders. You have accepted the challenge.

We know you will be worthy of your trust. We know the challenge will be met. You, and the millions of other high school graduating MEN and WOMEN throughout this great Country of ours will rise to the occasion. You will accomplish where we have failed. You will preserve this "Freedom" which is the foundation of our way of life, a "Freedom" about which you have studied in your books, but have not had time to fully appreciate.

Yes, you the Youth are prepared.

But we, your elders, pass on to you a pitiful world—a world torn into two camps—a world struggling for survival and already engaged in deadly conflict—a world balanced on the verge of total destruction.

We look to you, the "Youth", to save "Our World", our way of life, our precious freedom—our Democratic way of life. We know you will not fail, as we have.

When the darkness has passed and the light of freedom once again brightens the world horizon, your youthful courage, stamina, and faith will prevail.

From the lessons learned of our failures, and from the knowledge gained in the hard life ahead, you will prepare for your children that world of tomorrow, where peace, love of man, and the precepts of Christian humility and charity, will prevail, among friends, neighbors, and Nations.

Men and Women of the Graduating Class, we have tried to "Prepare the Youth of Today for the World of Tomorrow", so that in the World of Tomorrow, Youth can live in peace and prosperity.

Dear Seniors,

You have been very kind in inviting me to write an article for your yearbook. I accept this challenge more seriously than I have in the past. I realize that it is a serious responsibility to attempt to indicate to you the many things that I feel, as an educator, should be brought to your attention, presently as seniors, and as the voting citizens of tomorrow. I feel that it is necessary to remind you of the many trying problems that you are going to be faced with that we as school people have not been able to prepare you to cope with. I openly admit that you will consider us as failures at many times in the future; because we failed to prepare you for the many challenging situations that you will need to solve. I do not know that there is any one that is certain that he is giving you the background of experiences that will prepare you to tackle the problems ten years hence.

I sense that you need to be reminded that it is not the sole responsibility and obligation of the Schools to give all of the experience background that will be necessary to travel along life's rugged road. As the years go on, the Schools are called upon to carry an ever increasing share of the load of preparing the youth of America for their jobs of tomorrow. There was a time when schools were only held accountable for giving boys and girls a well grounded background in reading, writing, and arithmetic. Today, the schools are held accountable for teaching the three R's in addition to many other tasks too numerous to mention within the limits of this page. I feel that it is time that we appraise the work that is being attempted by the schools and to begin doing something about holding the other responsible agencies accountable for **their** share of the experience background.

For a few moments, let us consider the many other agencies that need to share in providing experiences of the kind that will make of you the best Americans possible. The churches of America have a share in this total job; the home has a very important responsibility in the molding of the citizens of tomorrow; the local social service organizations have a responsibility of giving to you many of the fine things that the schools are not equipped to furnish either physically or financially. The businesses and the industries of the community have an obligation that they need to do something about in helping to prepare its future employees. The local, state, and federal governmental agencies need to appraise their contributions with a view to broadening them, so that the boys and girls of America, regardless of their born station in life or their geographic location will be guaranteed equal opportunities with respect to educational opportunities. As the future fathers and mothers, let us be ever mindful that the Schools alone can not do the kind of a job for your child that you will be expecting of them unless they have **all** other agencies assuming and doing their share of the job. You, as the future parents of America, have a tremendous responsibility as parents to see to it that you establish the proper home background and that you furnish good moral examples so that your children may grow up to be honorable citizens.

If we have failed in certain respects, and we feel certain that we have, be careful, before you condemn us too harshly, that you have made a thorough search of arriving at the facts of why we did not provide our share of the experiences that you feel you lacked when you were a student in our High School. If, when all of the facts are in, you find that there are physical additions and additional equipment that could be provided, then let us resolve that by the time our children enter our Schools we will be certain that the Schools are well equipped with the physical necessities and that they are staffed by qualified teaching

personnel, that will to a degree, guarantee that our children will not be deprived of the educational experiences that we feel were missing when we were in high school attendance.

Let us make certain that as Americans, wherever we live in this great country of ours, that we do our level best to provide for the youth of tomorrow as rich an educational program for one community as for any other community. Let us insist that wherever the youth of tomorrow attends school, he will have equal opportunities of drinking in the richest of known educational experiences. Let us insist that all agencies that could do so much in helping to mold the Americans of tomorrow discharge their full share of the responsibility that they are obligated to share if they are to be considered as American Institutions.

Let us never lose sight of the fact that the best American citizen will always be the best informed citizen. Those of us who feel that we should not continue in our never ending search for additional information will never be the kind of citizens that will stand-off the many threats of governments from other quarters of the world. I feel certain that the tremendous powers that are wrapped up in the atom bomb will never be a match for the unlimited powers that are tied up in an American citizenry whose goal it is to **never stop wanting** more information about more different things. Let us make it our business to never be satisfied with what little information we may have at hand. Our secret weapon for the present and the future will be an America whose people never stop wanting to learn. We learn to love our neighbors here and abroad when we use the God-given-patience of learning more about their way of life. The more we learn about all the peoples all over the world and the faster we do it, the faster will come an understood peace. Prayer alone will not guarantee that our children will not be faced with the same hates that are current today. It will take prayer, planning, compromise, love for hard work, and a never-ending-patience.

We hope that there are times in the near future when you feel that there are problems that you need help with, and that you will return to our Schools for that help. There will be times in the very near future when we will come to you for help in solving our common problem—The Preparing of the Youth of Today for the World of Tomorrow.

With my sincere congratulations to you as seniors, I remain

Class Song

(To the tune of "Harbor Lights")

We're leaving Snowden High,
 The class of '51 is parting,
 It's time to say good-bye,
 To all our carefree days.

We'll miss you Snowden High,
 How can we help if tears are starting,
 Farewell to all our friends,
 We'll miss you bye and bye.

We'll long to be back here,
 As students just once more,
 But our ship's sailing now,
 From dear old Snowden's shore.

We're leaving all our fun,
 And how we loved our Alma Mater,
 So now we bid farewell,
 The class of '51.

Our Apologies

Now sheiks! Girl graduates! And such!
If you have found that some time
We've flattered you a mite too much
It was only to make the rhyme.
And won't you please remember, too,
When we're inclined to pan
We never meant to insult you
But our poems had to scan.
So if, in these short writings here
We've missed you by a mile
Just crack a grin from ear to ear,
Be a good sport—and smile!

Class History

Now we are finished with those four short years we spent at S. T. H. S. We started as "freshies" but we finally managed to make the grade, even though our upperclassmen seemed to make the going tough.

FRESHIES—We started our life among our upperclassmen by organizing clubs for girls and boys. The girls formed the Girls Variety Club. The boys, then, formed the Home Gift Club. The Y-Teens sponsored a Freshman Party to officially proclaim us as part of the Alma Mater.

SOPHOMORES—As we moved along, our sophomore year offered us more scholastic activities, through which we met many more friends. The girls were now members of the Y-Teens, but first went through an unforgettable initiation ceremony, dressed as Indian Squaws. The boys received their initiation into the Hi-Y, by dressing as girls. There was more to this rite, but the boys would rather not be reminded of it.

JUNIORS—Our junior year was full of experiences that will always live in our memories. The big day came right before Christmas—we received our class rings. Our first important project was putting on a Christmas assembly, at which carols were sung, and teachers given novelties as gifts. In anticipation of our biggest and most important event—the Junior-Senior Prom, for which the melodies were played by Baron Elliot—we had a bake sale, which netted us a neat sum, and the Junior Class Play—"When Witches Ride"—which was a great success, also.

SENIORS—We had now entered our final year at Snowden. Wishing to make this the best of all, we had many activities to keep our hands full. Going to "Studio Grande" for senior pictures, ordering name cards, invitations, Baccalaureate and Commencement were some of the things that reminded us of the sorrow we were to encounter when we had left our own Alma Mater. But our class play—"Rest Assured"—and the work put into organizing this year-book seemed to distract our attention from this fact. Our first experience as alumni of S. T. H. S. was the trip to Washington, D. C. All those who took part in it will never forget the incidents together as the Class of '51.

As good things come to those who work for it and this great feat presented to us was four glorious years at Snowden High. As Father Time beckons us to enter into the future, this, the Class of '51 bids its last farewell to the high school days that can only be looked back upon and remembered through fond recollection.

Last Will and Testament

We, the most intelligent and most loyal class of 1951, of Snowden Township High School, of Allegheny County, of the Commonwealth of Pennsylvania, do bequeath our ways and means of success to the under-classmen who follow us. We, the entire Senior Class, with sane and nearly sound minds, therefore, declare this to be Our Last Will and Testament, effective May 25, 1951. Hoping they may be used to the best advantage, we leave the following:

SECTION I TO OUR SCHOOL

To our most honored and respected teachers we leaveth the memories of catching us leaving from the side door, we also leaveth fifty-one empty seats in detention hall, and our thanks for having patience with us these past four years.

SECTION II TO OUR CLASSES

- Item 1** To the seniors of '52—we bequeath our historical debates in P. O. D. with Mr. Markley, and the title of BWOC (Big Wheels on Campus), also, the privilege of having the honored seats in assemblies.
- Item 2** To the juniors we surrender the utmost pleasures of receiving long-awaited-for class rings; our theatrical ability for the junior class play, along with the originality of presenting a sensational Junior Prom.
- Item 3** To the forgotten sophomores who will attain glory by joining the Hi-Y and Y-Teens, we offer our sincere congratulations for surviving their years as "Greenies".
- Item 4** To our promising young freshmen we vacate our positions as outstanding athletes, also to uphold the tradition of being faithful to our Alma Mater, as we have in our years at S. T. H. S.
- Item 5** To the unknown eighth graders, we bestow the honor of receiving name cards from the most highly idolized seniors.

SECTION III TO THE STUDENTS

- 1. Joe Batelli—reluctantly turneth over his quiet and polite manners to Phil Bowers.
- 2. Margaret Brandis—bestows her dimples to Albina Boyer.
- 3. William Gallegor—leaveth his title of "tall, dark, and handsome" to anyone who can fulfill it.
- 4. Jeanette Jackson—leaveth her giggles to Irma Montgomery.
- 5. Eugene Jox—bequeaths his dancing ability to George Lencie.
- 6. Iris Kennedy—wills her sweet shyness to Donnis Wood.
- 7. Donald Barton—hands down his liberal pinching tactics to anyone who can get away with it in Mrs. Lenhart's room.
- 8. Mary Lou Elford—sorrowfully vacates her front seat in the bus to Dolores Wisniski.
- 9. Bob Brunetti—hands down his ability to go steady with five girls at one time to Jerry Bores.
- 10. Dora Condie—regretfully leaveth her untarnished record of being cheerleader for five years to anyone who is healthy enough to survive it.
- 11. Don Bores—leaves his tallness to Russell Moore, hoping he will not hit his head while entering the class rooms.
- 12. Marlene Schmitt—passes on her excellent presidency of the senior class and the Y-Teens to anyone capable of doing the job.
- 13. Paul Popovich—bequeaths his unfinished sentences to any member of the opposite sex who can find the answers.

14. Virginia Vettori—leaves her cherished varsity trunks to anyone slender enough, and who can match her skill.
15. Alex Neil—hands down his beloved wavy locks to Clark Owens.
16. Janie Merenic—passes on her stylish haircuts to Tresa Polacek.
17. Evano Lenzi—passes the football to David Kurtak to carry on for a score.
18. Mabel Briggs—bequeaths her swimming ability to Myrna Vaira.
19. George Humes—walks out of his shiny shoes leaving Clemy Daughtery to fill them.
20. Donna Kupcha—passes on the honor of having the cutest pug nose to Nancy Zupancic.
21. William Stanko—bestows his position as star of our basketball team to Richard Cashdollar.
22. Maureen Richardson—passes on her many boyfriends to anyone who can handle them.
23. Joe Kaminsky—leaves his drawing of funny cartoons to comedians like Norman Martin.
24. Dolores Zupancic—wills her straight-forwardness to Kay Schang.
25. Clyde Kepple—leaves by way of the nearest exit.
26. Lois Verno—leaves behind her charcoal pencil to Rose Mary Gorisek to use in special art class.
27. Bill Griffith—passes on the family trademark to his sister, Donna.
28. Catherine Metz—hands down her sleepiness to anyone with a pillow.
29. Lloyd Leonard—passes on his ability to leave and enter school to anyone sly enough to get away with it.
30. Michael Hollerich—leaves his fiddle to James Felix.
31. Frances Olsen—leaves Snowden without regret.
32. Bernard Honan—bequeaths his stylish clothes to Joseph Cusic.
33. Eleanor Lee—leaves her letter writing to the lonely hearts.
34. John Trax—leaves his explosions in Chemistry to Fred Noakes.
35. Irene Batteli—leaves her titles of "posture queen" to Donna Randall.
36. Robert Hardinger—transfers his hunting license and gun to anyone who can shoot straight.
37. Alice Thieret—leaves her joking manner to be carried on by her brother, Dick.
38. Johnny Lackovic—leaves with the teachers still trying to translate his chicken scratches.
39. Norma Dolfi—leaves her star vocalizing position to up-coming Dianne Lickovich.
40. Ardven Blythe—bestows the editorship of the Aquila to anyone willing to work.
41. Dolores Blashich—bids farewell by giving Amelia Kratofil her sweet ways.
42. Reece Williams—relieves the teachers of a big headache.
43. Carolyn Tessaro—wills her stylish wardrobe to Bonnie Lou Dolan.
44. Jimmy Verno—leaves his datebook for the Junior boys to use at prom-time.
45. Dolores Whitesides—surrenders her top spot on the honor-roll to the next "brainy" senior.
46. Louie Gorisek—bequeaths his title of "Personality Kid" to Harry Haenig.
47. Charles Pope—leaves his tardiness at "Studio Grande" to anyone who likes to waste time.
48. Nancy Piel—bestows her romance at a young age to someone who wants to get married right away.
49. Albert Latorre—leaves his witty remarks and goofy answers to Mr. Cherney.
50. Libby Collins—surrenders her place in front of the mirror to anyone who can get there first.
51. Betty Lou Stilley—leaves period!

Juniors

The class of '52 has had a very active year. They have climbed the ladder of knowledge almost to its end. Their whole cooperation has made this struggle an almost smooth running one.

They have chosen their leader and have aided him in all his suggestions.

The Junior class has raised the "school spirit" 100% by selling pins and pennants. They also had before game dances to bring up the attendance at games.

We as Seniors wish them luck in their last step of the way.

Sophomores

The sophomores have had a year of experience behind them in their high school life. During this year they have shown us their great school spirit, willingness to work, and their interest in the future.

You can be sure that the sophomores are always "ready, willing, and able" when it comes to school affairs. Their participation and spirit are magnificent and their "easy-to-get-along-with" ways make them a very popular class.

Although they still have two years before them, this doesn't discourage them whatsoever.

They are striving for and hope to exceed all the goals that they have set up at Snowden Township High School.

Freshmen

The freshmen are now at the start of a great climb—the ladder to higher education—the peak of which they hope to reach without much trouble.

They have worked and made friends with the other students and showed great participation in all of the school activities. From the beginning they showed their willingness to contribute what they could to S. T. H. S.

This is a very important step, because they are beginning their high school career the correct way.

Good citizenship, proper attitudes toward students and school, and co-operation with the student body and the faculty are a few of their attributes of which they can be proud.

In four years we are certain that the class of '54 will be one of the best ever to graduate from S. T. H. S.

Eighth Grade

The Eighth Graders have one of the greatest tasks of anyone of the other grades. They must prove themselves in many ways.

The group that entered our school last September has already shown many of their great abilities by joining in on all our assemblies and community drives. They have already learned one of the greatest "musts" in high school—cooperation—and have used it often.

Y-Teens

The Y-Teens is an organization of girls; the purpose of which is to help them understand one another and to teach them how to work together.

The meetings are held once a month. At this meeting we discuss all business matters first, then the remainder of the meeting is given over to entertainment.

The Y-Teens hold many events during the year. Some of them are: The annual Christmas Dance, the Valentine Dance, a Mother's Tea, and we also help the needy in any way possible.

To welcome each new group of Freshmen, we hold a party, at which a good time is had by all, and at the end of the year, a picnic is held for all the members of the Y-Teen organization.

Hi-Y

To seek, to create, and maintain throughout the school and community a higher standard of Christian character is the goal for which the Hi-Y is striving.

The Hi-Y opens its activities each year with the Initiation ceremonies for new members. It is not only impressive but a not-to-be-forgotten experience in the lives of the boys who are the future citizens of our community. Another annual event is the Sadie Hawkins Dance. All persons attending are required to be dressed in "Dog Patch" style.

Broadcaster

Should anyone look into a room and see students diligently at work typing, proof-reading stencils or hear the rapid click of a mimeograph machine, they would soon learn that these busy-bodies are the editors and staff of our school paper.

Under the excellent supervision of Miss Vida Potter, the editors and staff publish a monthly paper containing the latest variety of events and many interesting features. It also has an exchange of papers, whereby we send and receive ideas from other schools, making better acquaintances.

The Broadcaster has gained the approval of the students and all those concerned.

Our Indispensable Three . . .

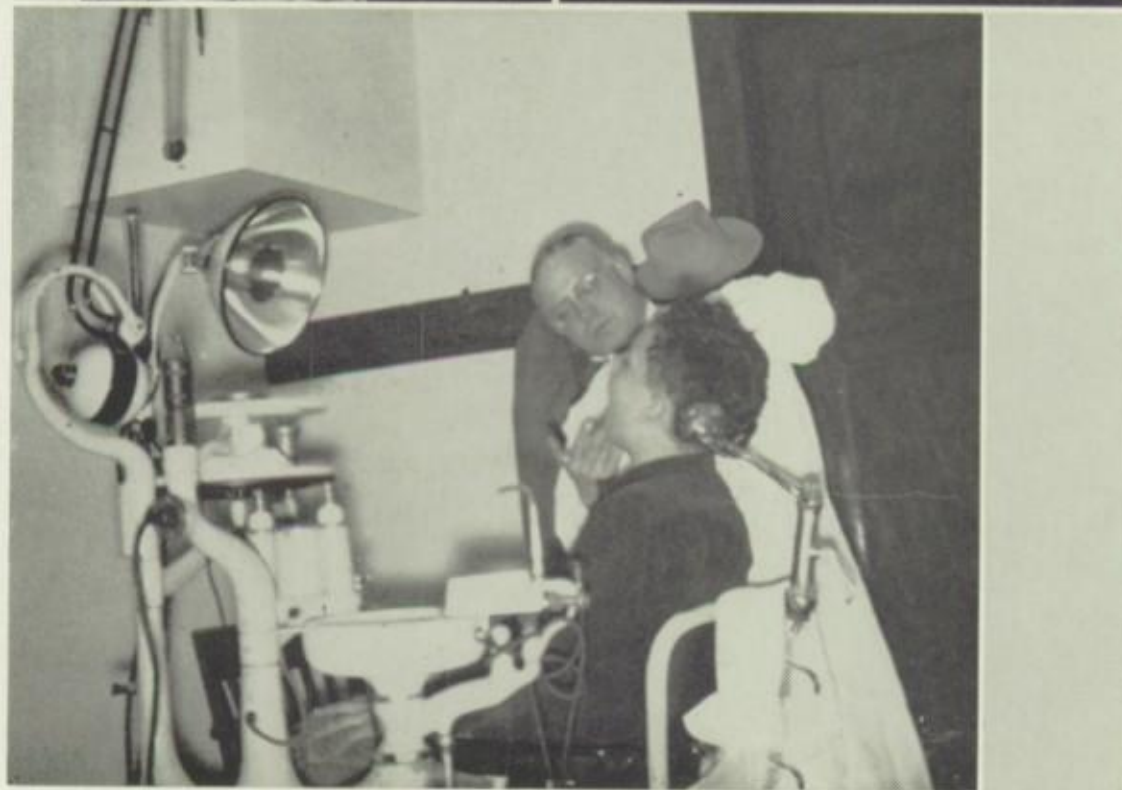

You've never seen a triple combination like our nurse, doctor, and dentist. No matter how slight your ailment, you can depend on Mrs. Brunetti, our nurse, to take good care of you. We all agree unanimously that Mrs. Brunetti is tops.

When it's check-up time, Dr. Wilfong is here with all his instruments, ready to make sure we're all in the best physical condition.

Whether you need a tooth filled or pulled or just a toothache relieved, the man to see is our dentist, Dr. McBurney.

These three are responsible for all of the healthy faces you'll see at Snowden. Our thanks go to them for all the aid they've given us during our years in high school.

Senior Class Play

The performance of the class play was given on the night of December 14, 1950. "Rest Assured" was the title but the audience couldn't rest with the crazy antics of its characters keeping them in continual laughter.

The action that takes place in the home of Mr. P. U. Morlock (A. Blythe) who is an old miserly grouch who loves nothing but his money. He is determined that his daughter, Mary (D. Condie), is not going to marry Joe Lanconi (D. Bores) because his papa Luigi (L. Gorisek) is poor. Luigi and Morlock feud and Luigi dies—but—he comes back to haunt Morlock. Going crazy from Luigi's persistent pestering, Morlock takes too many sleeping pills and he, too, kicks the bucket. At this scene Lucifer (J. Lackovic) appears to take Morlock down with him. Morlock doesn't go down with him but, instead, strolls among his family—Jessica (N. Dolfi) and Mrs. Morlock (M. Brandis) and his assistants—Miss Aikers (M. Richardson), George Plew (J. Trax)—and Mildred his maid (J. Merenic). From these experiences, he discovered what a heel he'd been and then how he wanted another chance. Just then Mildred awakened him—it had all been a dream.

You can "Rest Assured" Mr. Morlock lived a reformed life and allowed the marriage to take place.

The cast put on an excellent performance and it was thoroughly enjoyed by everyone who saw it.

Football Results

Snowden 6

Brentwood 30

Brentwood's Bulldogs proved they had too much for our team by dominating the play throughout the first half which ended 24-6. But our boys surprised everyone with their spirit and fight by holding Brentwood to only 6 points. The first defeat of our season was registered with Lenzi scoring the only touchdown.

Snowden 0

Elizabeth 14

After recovering from our first loss, our eleven showed more drive. Now under our present coach, the Eagles played fine football, even though Elizabeth overpowered us. Although our team displayed drive and fight, we could not score. Elizabeth emerged the victor by scoring two touchdowns.

Snowden 12

Pitcairn 19

Our third game this season was played against a bigger, more experienced, Pitcairn team on a wet field. Although they scored three against us, our eleven showed great stuff, when they came up with two TD's themselves. Austin and Lenzi fought through Snowden's two touchdowns.

Snowden 14

Trafford 13

The Eagles finally snapped their losing streak at the expense of the highly rated Trafford team. Again the odds were against us in weight and experience. Goal line stands by the line and long runs by the backfield. Gorisek and Lenzi were the Snowden scorers.

Snowden 6

Bethel 13

After the win of the previous week, our eleven were confident of taking the rival game. Over-anxiety found the Eagles fumbling the game to the Bears. Lenzi scored Snowden's only TD in the third quarter.

Snowden 14

Sharpsburg 0

On a drive that started with the opening kickoff the Big Eagles scored early in the first quarter. Dominating the entire game our eleven scored four more times only to have three of them called back because of penalties. Verno and Lenzi were the scorers.

Snowden 25

Bentleyville 6

Finally Snowden got into the winning habit. Our second win in a row—and the third of the season—came over Bentleyville. This win broke our record of last year, Lenzi and Austin scoring twice each.

Snowden 27

Cecil 13

After allowing Cecil to hold a 7-0 lead at the half, the Eagles snapped back like a rubber band to score four touchdowns. During the second half, Snowden was determined to win and stopped nearly every Cecil offensive. Again Lenzi and Austin each scored two touchdowns.

Snowden 6

Bridgeville 27

With determination to end up with more wins than losses, our team again was met by a much heavier eleven. It takes more than spirit to win but our boys put all they had into it only to lose out. Lenzi scored our only touchdown.

Basketball Results

Snowden 31

Bridgeville 44

This game inaugurated the 1951 leagues competition in our section. Bridgeville jumped off to an early lead which they never relinquished. Our boys showed a lot of fight in the second half but they just couldn't overcome Bridgeville's lead. Austin was high scorer for Snowden, with 11 points.

Snowden 23

Bethel 48

Snowden traveled to Bethel for their next game. The Eagles fought hard but Bethel had a little too much height for our boys, and we came out on the short end of the score 48-23. Austin was the high point man for Snowden with 8 points.

Snowden 30

Peters 46

This game was played on our floor. The game was a see-saw battle throughout the first half with Peters holding a 21-16 edge at half time. The Eagles came out with a lot of spirit but just didn't have it in the second half. The final score was 46-30 in favor of Peters. Again Austin was the high scorer for Snowden with 11 points.

Snowden 34

South Fayette 44

Playing on South Fayette's floor, Snowden just couldn't find the basket. In the second half they narrowed the score down until they were just a few points behind, but South Fayette put on another burst of scoring and left the floor with a 44-34 victory. Moore was high for Snowden with 9 points.

Snowden 39

Carnegie 73

Playing on their home floor, the Eagles played a fast Carnegie team. Snowden showed a lot of fight and never gave up, but Carnegie was just too much for them as they lost by a score of 73-39. Cashdollar and Neil were the high point men for Snowden with 7 points each.

Snowden 36

South Fayette 35

Playing their last game of the season on their home floor the Eagles were not to be denied. Both teams playing a very hard game see-sawed back and forth throughout the whole game. With less than two minutes to go the Eagles scored two fast baskets and then sewed up the game by freezing the ball. Lackovic was high scorer for the Eagles with 12 points.

Girls' Athletic Association

The G. A. A., under the direction of Miss Emily Miller, leaves good clean spirit in the minds and bodies of the girls. They learn to co-operate with each other in both work and play.

The club has business meetings twice a month, and sponsors intramural basketball games. The girls varsity is chosen strictly from the G. A. A. as of this year.

Annually they hold the May Day Program, St. Patrick's Day Dance and the Boys' Banquet.

G. A. A. encourages good team-work and fair play.

The club, consisting of seventy-five members, includes four officers and three executives chosen from each class: The Senior, Junior, Sophomore and Freshmen.

President	Virginia Vettori
Vice-President	Myrna Vaira
Secretary	Mabel Briggs
Treasurer	Nancy Zupancic
Advisor	Miss Emily Miller

Girls Basketball

The girls' varsity basketball games began February 27. The girls have had a very successful year, with six victories, and no defeats. Their opponents put up a very good fight, with good sportsmanship shown by both teams throughout the season.

The team was coached capably by Miss Miller. High scorers for the year were Virginia Vettori, Dolores Whitesides and Margaret Brandis.

Cheerleaders

You've got the pep . . . You've got the steam . . . is the cry of our cheerleaders as they urge our team on to victory. In pep meetings they lead the student body as their yells fill the gym. Their neat white sweaters with blue letters and electric blue skirts make as fine an appearance as any typical group of high school cheerleaders.

As we take a look on the field we see our two senior cheerleaders, Dora Condi and Margaret Brandis, supervising the cheers and doing an excellent job. They yell in unison as the team progresses up the field, Myrna Vaira and June Anton, our Juniors, are yelling and trying to get a little school spirit through to the spectators. The Sophomores, Roseann Brandis and Mary Cleary, are peppy and energetic and are all smiles. Our snappy Freshman, Eleanor Blythe, really caught on quick to the cheers, and is now a veteran. Carole Vaira, our eighth grader, is small but can shout and cheer along with the rest of them.

The job of the cheerleading group is to show the student body, and other schools, our good sportsmanship, whether we are winning or losing, and to direct the cheering that shows the true school spirit of the kids from S. T. H. S.
